Thank you for considering A Moment in Time for your photography needs. Hopefully this can give you a few tips, and answer some of your questions to help you make your choice of what photographer you will use.

In this digital age, it seems that everyone wants the digital files from their session. So, we have revamped our packages to give our customers what they want.

All our digital files come with a full copyright release, meaning you can print them, put them on coffee cups, t-shirts, cakes, whatever you want - they are yours! You can do whatever you want with them!

We do not charge a separate session fee. Everything is included in our package price. You pay \$200 the day of your session (or earlier), and this full amount is applied to your order.

We can do location sessions, or studio sessions. All sessions are a maximum of 1 hour, unless otherwise noted on our price sheet.

We hope this helps and gives you a little more information. Please call if you have any further questions, or message us on Facebook. (Amomentintime2.com) - if you leave off the 2, you will get the wrong page!
